Full-stack Developer

iggasas

Apr 2016 - Dec 2017 (1 year 9 months)

<https://www.iggalaxy.com>

This is a web app on which ESports players can participate in various tournaments, especially FIFA series. Users can play either by themselves or in a team of 2 or more players, most likely up to 4 players.

Major features that make this app different from others:

Easy-to-use and professional user interface

Competitive gaming Ecosystem

Extensive Game-centric features

Tokenized landscape

TRON blockchain

Social features (chatting with other users in the app, posting blogs)

Node JS/JS Programmer

Nutanix

Mar 2014 - Jan 2016 (1 year 11 months)

Develop express.js application using node.js

MongoDB, async, ajax, middleware, native/vanilla js, html parsing

Administration Linux servers

RESTFull API

FB/VK/Instagram api
